

# DIRECTIONS TO SANTO STEFANO

## MAPS TO SUPPLEMENT THE DIRECTIONS DOCUMENT

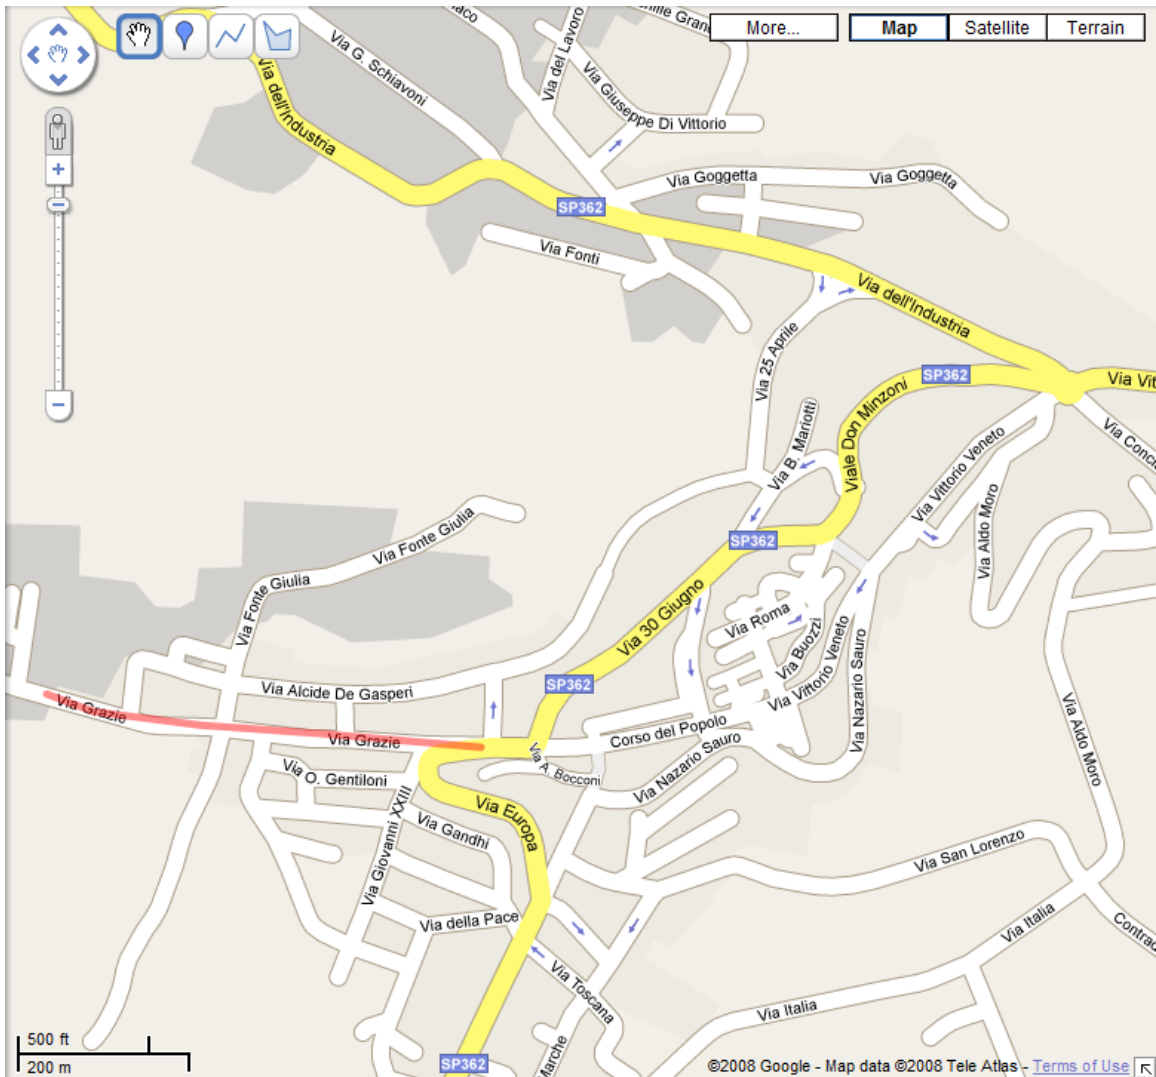

The first map shows the location of the airport, and the location of Santo Stefano, close to the small hill town of Treia. From Filottrano which is marked on the map, the route takes you across country.

The maps on the following pages show the direction around Filottranno – follow the yellow road around the town until you reach the road marked in red – signposted Cingoli.

The final map shows the turning off the main road to Santo Stefano. You will come through the small town of Grottaccia – nothing more than a bar and a couple of shops on the side of the road, really – and the blue line on the map shows the turning to C.da Moie and then the route to Santo Stefano.
